WE ARE WEDGWOOD

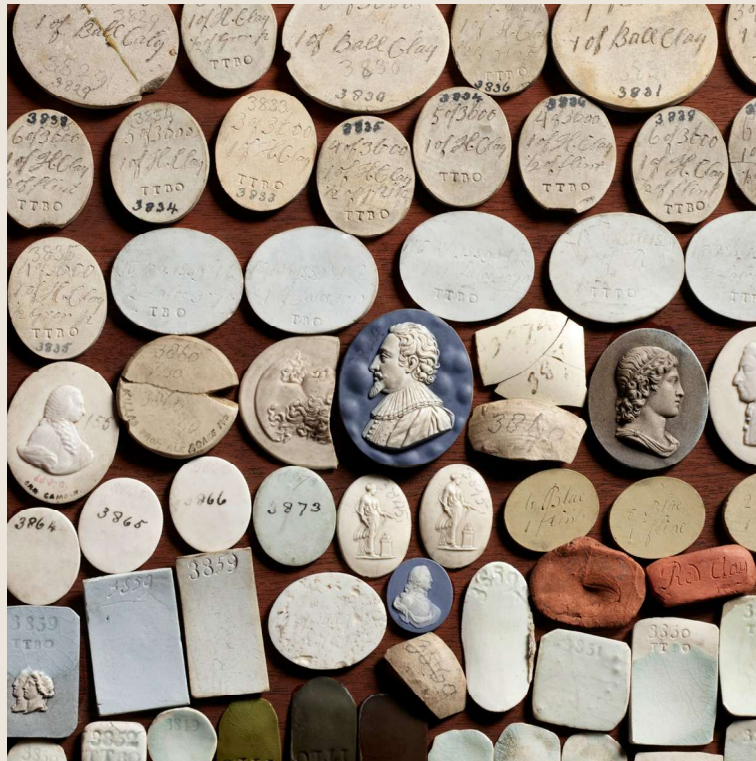

Founded in 1759 by Josiah Wedgwood, the visionary potter and entrepreneur, we have a rich history of pioneering designs crafted in iconic wares such as Jasper, Queen's Ware, and Black Basalt.

Today, we honour that proud heritage while driving innovation to create beautiful pieces for the contemporary home.

OUR FOUNDER

Josiah Wedgwood was a multifaceted man ahead of his time, a man apart who packed multiple lives into one lifetime. An innovator, a scientist, an artist, an entrepreneur, an abolitionist, an amputee, he was a craftsman, marketer and philanthropist of passion, invention and energy. To this day his example is an inspiration to us all.

OUR EXPERIMENTATIONS

Following the example of our illustrious founder, Wedgwood is unafraid of change, innovation or experimentation. We test and learn to refine our processes so we can continue a proud legacy of elite craftsmanship and design.

OUR CRAFTS PEOPLE

Our factory at Barlaston, England, has been a crucible of modern technology and ancient craft skills since 1940. Our highly skilled and experienced craftspeople are literally hands-on every day, utilising time-tested techniques such as throwing, modelling and decorating. These precious skills are preserved through our apprenticeship program, with each new artisan a keeper of the flame for the craft reputation of Wedgwood and the Potteries.

OUR CRAFT

Wedgwood is a respected name in luxury homeware, celebrated for our timeless design and exceptional craftsmanship. Every piece is carefully crafted by skilled artisans using the finest materials, with a focus on sustainability and creating lasting emotional connections between craftsmanship and everyday living.

WILD STRAWBERRY INKY BLUE

The Wild Strawberry Inky Blue collection reimagines a classic Wedgwood design in a deep inky blue, a colour synonymous with English fine bone china. Retaining all the revered motifs of the original Wild Strawberry pattern introduced in 1965, this new updated colour adds a bold contemporary contrast against the silky white body.

COLLABORATIONS

VERA WANG TABLEWARE

Bring superstar design flair to your table setting with stunning collections from renowned designer Vera Wang. Combining high-quality craft with Vera's creative vision, these designs are made to elevate any occasion.

VERA WANG TABLEWARE

JARDIN

Vera Wang Jardin is directly influenced by Vera's personal collection of Oxalis pen and ink drawings, as well as her love of nature. Shimmering, warm floral gold and bronze patterns set on fine bone china infuse a positive energy in your home.

LACE

Inspired by Vera Wang's colourful corsages, the Lace Platinum Collection combines classic design with the simple beauty of silky white fine bone china. Decorated with a sophisticated pattern that weaves together tailored lace bands and delicate florals, this collection is perfect for adding a touch of lustrous shine to your table setting.

LACE GOLD

Inspired by the brightly coloured corsages from renowned designer Vera Wang, the Lace Gold Collection is characterised by understated elegance and fine bone china. Decorated with a refined pattern that weaves together tailored lace bands and delicate florals, gold detailing bring a touch of golden opulence to any occasion.

GROSGRAIN

Inspired by the subtle romantic touches used to trim her world-famous bridal gowns, the Vera Wang Grosgrain Collection showcases beautiful fine bone china with graceful design details. Decorated with lustrous platinum border trims reminiscent of delicate lace, these pieces bring sophistication and sensual elegance to any dining occasion.

VENATO IMPERIAL

The Vera Wang Venato Imperial tableware collection is classic and timeless, showcasing natural beauty through a pattern that mimics unrefined marble. Despite being crafted from fine bone china, these natural patterns create the illusion of stoneware, and create a subtle, understated look.
